PRE-VET NEWSLETTER
APRIL 2018

In this Issue:

• Early Acceptance Program
• Summer College for High School Students
• Upcoming Admissions Presentations and Tours held at the College of Veterinary Medicine
• Cornell on the Road
• PreVet Tracker Mobile App

EARLY ACCEPTANCE PROGRAM

The Early Acceptance Program gives well qualified applicants the opportunity to apply to veterinary school after their sophomore year in college. Based on both academic criteria and a written plan for the applicants junior year, it allows students to explore an area of interest in a unique experience they might not have the opportunity to do once in vet school.

The application is available on our web site with a deadline of June 1st.

Questions an be directed to vet_admissions@cornell.edu

SUMMER COLLEGE VET PROGRAMS
Apply Now for Precollege Courses at Cornell's College of Veterinary Medicine

High school students are invited to study with faculty from Cornell's College of Veterinary Medicine in several precollege courses through Cornell University’s Summer College. In each 3-week, 3-credit course, students will experience hands-on learning in the field with world-class instruction.

Deadline for enrollment is May 4, 2018.

**June 23 - July 14**
Open to current sophomores, juniors and seniors-3 credits
